### **Feminism - Wikipedia**

Third-wave feminism is an iteration of the feminist movement that began in the early 1990s United States and continued until the fourth wave began around 2012. Born in the 1960s and 1970s as members of Generation X, and grounded in the civil-rights advances of the second wave, third-wave feminists embraced individualism and diversity and sought to redefine what it meant to be a feminist.

This guide stresses the systematic causal analysis of gender inequality. The analytical questions raised and the readings listed consider why and how gender inequality arises, varies across and within societies, persists over generations, produces conformity by individuals and institutions, resists change, and sometimes changes dramatically.
